

March 5, 1976

PRESIDENT: The amendments are adopted. Senator Warner.

SENATOR WARNER: Mr. President, I move that LB 759 be advanced to E & R initial. All the initial bill does is permit a facsimile signature for the auditor to use or may be used on bonds. As you know most bonds must be registered by him. They require personal signatures. This would take a great deal of time where they can use a facsimile signature. This would also authorize it. and obviously it would be both time saving and cost saving.

PRESIDENT: Any further discussion? The question is the advancement of the bill. Record your vote. Senator Murphy. Record.

CLERK: 25 ayes, 0 nays to advance the bill, Mr. President.

PRESIDENT: Thank you Senator Murphy. The bill is advanced. LB 839.

CLERK: Read title to LB 839.

PRESIDENT: Senator Wiltse.

SENATOR WILTSE: The amendments to the bill are nothing but the changing of the date from the first of January to the first of March, 1977 so as to conform with the normal expiration date of motorvehicles. In addition to that there's a good deal of grammatical corrections and further corrections in other areas as to the date.

That's the extent of the amendments. I move they be advanced.

PRESIDENT: Any discussion? The question is the adoption of the amendments. Record your vote. Please vote. Record. The Deputy Clerk would ask you to vote again. Record your vote again on that matter. Record.

CLERK: 25 ayes, 0 nays to adopt the Committee amendments, Mr. President.

PRESIDENT: They are adopted. Senator Wiltse.

SENATOR WILTSE: It's Senator Dworak's bill.

PRESIDENT: Or Dworak, excuse me.

SENATOR DWORAK: Mr. President, LB 839 set a penalty on taxes that are delinquent on mobile homes. There is no penalty now for delinquent taxes on mobile homes. The penalty is ... will be 20 percent of the tax due, or \$25 whichever is the greater.

The Committee amendments are necessary and were passed and straighten out the wording of the bill.

I move the advancement of LB 839 from General File to E & R initial.
